APPLICATIONS AND PROPERTIES

Cosmetics	Bleaching Skin Conditioning
Food & Feed Nutraceuticals	Antioxidant Anti-inflammatory Cardiovascular protection Hypocholesterolaemia

ANALYTICAL

Hydroxytyrol	> 20 %
--------------	--------

HEAVY METALS

Arsenic	≤ 1 ppm
Cadmium	≤ 1 ppm
Mercury	≤ 0,1 ppm
Lead	≤ 3 ppm

MICROBIOLOGY

Total Aerobic Count	≤ 1.000 cfu/g
Yeast and Mould	≤ 100 cfu/g
E. Coli	No Detected /g
Salmonella spp	No Detected /25g

MANIPULATION

Packaging	Aluminum bottles of 1 kg HDPE bottles of 5, 10 and 20 kg
Storage	Store in a cool and dry place, in original sealed packaging away from sources of light, heat or air.
Shelf Life	At least 36 months under the above storage conditions.

ADDITIONAL

Allergens: This product neither contains nor presents risk of cross contamination with the substances or products causing allergies or intolerances listing in Annex II Regulation 2011/1169/EC. Natural product coming from vegetable origin and does not get in contact with any animal material during manufacturing, storage and transportation. The product is GMO free and therefore not subject to the requirements of regulation (EC) 1829/2003 and regulation (EC) 1830/2003. No irradiated materials were used; nor ionizing ones. The product itself was not irradiated. The product is in accordance with the corresponding European Regulation on pesticides and contaminants for this product.
